EXAMINER'S AMENMENT

The Examiner initiated a telephone interview with the Applicants' representative (Ms. Jennifer Teng) on 1/30/06. The examiner informed the Applicants that the limitation in claim 2 contains allowable subject matter. In addition, the Examiner informed the expression "...the first storage area..." in claim 2 lacks the antecedent basis. The Examiner inquired whether the Applicant would be willing to amend claim 2 to correct the antecedent related problem and amend claims 3 and 4 to include the indicated allowable subject matters. The Applicant agreed to the above proposal and authorized the Examiner to implement the proposal by an examiner amendment. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Please amend the claims as follow:

Claim 2:

Line 17, replace: ", and" with --,--

Line 22, replace: "the first" with --a first--

Claim 4:

Line 20, remove: "and"

Line 22, replace: "request." With --request, and--

Line 23 (new line), add: --wherein the first storage control device provides a second storage area controlled by the second storage control device to the host device virtually as a first storage area under control of its own, and the first request requests the data processing relating to the first storage area.--

Claim 5:

REASONS FOR ALLOWANCE

The following are the Examiner's statements of reasons for allowance: The prior art does not teach or suggest the combination and relationship between these features:

- 1. The primary reason for allowance of claims 2-5 and 8-13 in instant application is the combination with the inclusion in these claims having wherein the first storage control device provides a second storage area controlled by the second storage control device to the host device virtually as a first storage area under control of*
